

REMARKS

This application is a divisional of U.S. patent application 10/303,880, filed November 26, 2002, soon to issue as U.S. letters patent, which was a continuation-in-part of U.S. patent application 09/595,922, filed June 16, 2000, now U.S. patent 6,511,879. The entirety of each of these related applications has been incorporated by reference. Claims 1-46 are cancelled without prejudice to their underlying subject matter as allowed in the parent case. Claims 47-78 are pending. There are no amendments to the pending claims.

Each of the presently pending claims in this application is believed to be in immediate condition for allowance. Accordingly, the Examiner is respectfully requested to pass this application to issue.

Dated: December 3, 2003

Respectfully submitted,
